

MAT301: MATERNAL/CHILD NURSING

CERTIFICATION COURSE, BELOW COLLEGE LEVEL

This course is designed for Certified Nurse Assistants applying to the California Board of Vocational Nursing and Psychiatric Technicians attempting to qualify based on equivalent education and/or experience (Method #3) to become eligible to write the state NCLEX-PN exam and become a Licensed Vocational Nurse.

The course consists of forty-five (45) instruction hours. The theoretical portion has thirty (30) hours of classroom instruction and the clinical portion has fifteen (15) hours. The training program will be conducted from Monday to Friday, 0800 –1630 hours, and accomplished in six (6) days. The maximum number of students per class is 15. The Instructor is a RN or LVN who is approved to instruct by the Board of Vocational Nursing and Psychiatric Technicians.

Students will learn the proper utilization of the nursing process in the assessment and management of the childbearing family. Emphasis is placed on the bio-psycho-socio-cultural needs of the family during the phases of pregnancy, childbirth, and the neonatal period including the abnormal conditions. Students will utilize critical thinking and a systematic problem-solving approach to plan for the basic care needs of the childbearing family during the prenatal, intrapartum, and postpartum periods. The student will also integrate the teaching needs of the childbearing family into the plan of care.
